

Jayson N. Reales

IT Instructor | Web Developer

✉ jaysonreales0@gmail.com ☎ +639058964163 🌐 <https://jayson-dev.vercel.app/>

Enthusiastic and self-motivated web developer with 1+ years of experience. Eager to be part of your company and bring my skill in back-end development and contribute to the success of the organization while continuously learning and growing as a professional.

Experience

Sales Representative (Bitis Shoe Legazpi) 2016 - 2018

- Prepared detailed sales reports and forecasts to track performance, analyze results, and inform decision-making.
- Provided exceptional service by addressing customers inquiries, resolving issues, and offering tailored solutions to meet their needs.
- Cultivated and maintained strong relationships with both new and existing customers, ensuring high levels of customer satisfaction and loyalty.

Waitress (BlueLight Bar) 2019 - 2020

- Provided excellent service to patrons by greeting them warmly, taking orders accurately, and delivering food and beverages promptly.
- Managed and processed customer orders efficiently, ensuring accuracy and addressing any special requests or dietary restrictions.
- Maintained comprehensive knowledge of the menu, including daily specials, to effectively answer questions and make recommendations.

UI/UX Designer - Intern (Pixel 8 Academy) 2021 - 2022

- Assisted in the creation of interactive prototypes using Adobe XD to visualize and test user flows and interactions.
- Helped in designing wireframes, mockups, and prototypes for various projects under the guidance of senior designers.
- Collaborated with the design team to implement visual and interactive elements, maintaining consistency with brand guidelines and design standards.

Web Developer (Computer Arts & Techbological College, Inc.) 2022 - 2024

- Led the design and development of the school's website, including creating wireframes, mockups, and prototypes to enhance usability and visual appeal.
- Provided well-researched recommendations and design suggestions to improve user experience and interface design based on user feedback and industry best practices.
- Engaged in continuous learning and professional development opportunities, including attending workshops and receiving mentorship, to enhance skills and knowledge in Web Development.

IT Instructor - Part Time (Computer Arts & Techbological College, Inc.)

2023 - 2024

- Deliver engaging and effective lectures and practical sessions to senior high school and college students, covering topics such as computer science fundamentals, programming languages, and software development.
- Stay updated on the latest developments in technology and education, integrating new tools and methodologies into the curriculum to enhance learning outcomes.
- Provide academic and career advising to students, guiding them on course selections, career paths, and further educational opportunities in the IT field.
- Collect and analyze student feedback to continuously improve instructional practices and course content.
